The development layout, landscaping and tenure of all dwellings may be subject to change throughout the course of the development. Homes shown as "pre sold" and other properties sold on the general market may not be sold to individual owner occupiers and may instead be transferred to other purchasers, including private investors or affordable housing providers. As partner arrangements are agreed, the mix of tenures across a development can change significantly and rapidly.

Finishes and materials may vary from those shown. Please check the details of your chosen plot and house type with the sales consultant. Development layout plan correct at time of production.
